SENATOR ANTHONY is still dangerously sick.

THREE hundred Mormons from abroad have arrived at New York.

KELLOGG, who was lately indicted at Washington for corrupt practices while a Senator of the United States has been released on \$10,000 bail.

THE Executive Committee of the Cotton Planters' Association have decided to hold "The World's Industrial and Cotton Centennial" at New Orleans.

FIFTY-FIVE infantry companies, five batteries of artillery and several noted military bands have entered for the competitive drill at Nashville, May 21.

It will take about \$7,000,000 worth of the new revenue stamps to supply the place of those rendered valueless by the recent reduction of the stamp tax.

THE Grand Commandery of Knights Templar of Kentucky, will hold the annual convocation at Louisville on the 18th of May. The change was made from the 15th in order not to conflict with the State Democratic Convention which meets there on the 16th of May.

SAYS the Courier-Journal: The late R. B. Hayes has been recommended for the position vacated by the defaulting Postmaster at Fremont, Ohio. As it pays \$2,500 a year he would, no doubt, accept the appointment, but it is doubtful if he has backbone enough to keep the stamp account straight.

Sales of Land.

The following changes in the ownership of land have been recorded at the office of the Clerk of the County Court, since our last report:

Thomas O'Brien to Nannie O'Brien, 2 acres, 3 rods and 10 poles of land near Minerva; consideration \$250.
George S. Hancock and wife to Mary Dimmitt, house and lot on north corner of Lexington and Second streets; consideration \$2,175.
Mary Crumcraft to A. H. Gifford, quit claim to 40 acres of land on Shannon Creek; consideration \$25.
Same and husband to same, grantors' interest in 40 acres of land on Shannon Creek; consideration \$25.
Mary E. Shackelford and other to Laura A. Moss, two lots in Lewisburg; consideration \$400.
George M. Campbell and others to Wm. T. Calvert, lot of ground near Helena consideration \$1,300.

THE Cincinnati Commercial says: The stockholders of the Cincinnati and Eastern voted unanimously that the extension of their road from Portsmouth should be to Gallipolis. This is an important decision, and will give great satisfaction to not only the citizens of Gallipolis, who have been very anxious to secure this result, but also to the Ohio River Company, now engaged in building a road from Wheeling to Point Pleasant. By the time the C. and E. reaches Gallipolis the Ohio river road will be completed, and the C. and E. will become a trunk line of much importance, as it will not only serve as an outlet for the Ohio river road, but will also have important connections with the Chesapeake and Ohio and Chat-tahoochee roads by way of the Scioto Valley road.

THE COTTON EXPOSITION.

It will be held in New Orleans, and will embrace all the Arts and Industries.

Vicksburg, Miss., April 25.—The Executive Committee of the National Cotton Planters' Association met here to-day with a full attendance. After declaring the Exposition, though cotton in name, yet universal in fact, to embrace all the arts and industries, a resolution was adopted, awarding the location to New Orleans on the ground of its being the great metropolis of the cotton country, and because Colonel Richardson offered as an inducement a list of nearly 1,500 names of business firms, embracing a majority of the members of the Cotton Exchange, pledging the necessary funds to make the exposition a success. The committee thanked President Morehead for his great work, and endorsed him cordially. Colonel Richardson was recommended for President of the Exposition. The offer of Boston, the invitation to visit Cincinnati, an offer from New York business men pledging \$500,000 cash and a site for the buildings, were all respectfully declined in favor of New Orleans.

Governor Foster's Father Dying.

FOSTORIA, O. April 25.—Governor Foster, who was called here yesterday by the illness of his father, Chas. W. Foster, telegraphed his Secretary that there is no hope of recovery entertained. He is entirely paralyzed and unconscious, and such a condition at his advanced age (eighty-four years) renders recovery improbable. Fears are expressed that in the event of his death the Governor's mother, who has been ill for some time, will not survive the blow. The old couple have been married fifty-two years.

Murders the Woman who Robbed Her of Her Husband.

LANSING, MICH., April 25.—Mrs. Clark, wife of a wealthy real estate dealer, of Battle Creek, came here last night, found her husband stopping at the Chapman House with Frankie Carr, a woman well known in Chicago theatrical circles. Mrs. Clark gained an interview with her husband, and with her two babies in her arms besought his return. He repulsed her, an altercation ensued and Mrs. Clark shot Frankie Carr through the head. She was jailed this morning. The victim is dying.

Superintendent Pickett's Report—Views of Judge Bullock.

The following letter is from the Hon. W. F. Bullock, the distinguished author of the Common School System of Kentucky:

LOUISVILLE, January 5, 1883.
MY DEAR SIR: I have read your able and exhaustive report, and as a citizen of the State, keenly alive to its highest interests, I am impelled, by a sense of duty, to tender you my personal thanks, not only for your thorough exposition of our system of Common Schools, but for your practical and wise suggestions for its more complete development.

Permit me to say that it is a State paper which cannot fail, if read and studied by an enlightened public, to awaken a deeper interest in the cause of popular education.

The statistics so carefully and accurately presented are facts, in reference to which, the public needed to be fully informed. It is true our system has been in operation since 1842, and its resources greatly increased, and its hold on public sentiment much strengthened, yet there has been a great lack of practical knowledge as to its real condition and actual wants. Your admirable report has furnished this much needed information. It should be the property of the reading public, and placed in the hands of every man who aspires to represent the people.

The Department of Public Instruction is, in my estimation, the most important department of the State government. Our public men ought to realize this fact, and be made to understand not only the theory but the practical details of the system. To educate the public mind, I understand to be the high duty of the Superintendent. To discharge this important trust, he needs the experience of the practical Teacher, the high attainments of the Scholar, and the practical wisdom of the Statesman. Your report which lies before me, is a striking illustration of the importance of these essential requisites.

You have done a good work, and one especially needed at the present crisis. It is obvious that a quickening impulse has been given to the cause of popular education throughout our land. Enlightened and thoughtful statesmen everywhere now look upon the Common School as an urgent public necessity. Kentucky cannot afford to stand still on this work of national defense. We have done much, but much yet remains to be done. I cherish the belief that Kentucky is equal to the undertaking, and all her children will be afforded the means of education, and illiteracy will be unknown within her borders.

I congratulate you on the successful performance of a public duty, and sincerely trust that you will see its results in the complete development and efficiency of our System of Common Schools.

Very truly your friend,
W. F. BULLOCK.
